Assessment and Moderation

Assessment process

The assessment process for this qualification is as follows:

- the learners are assessed through activities that are internally set by tutor/assessors;
- the activities must be designed to enable learners to meet the assessment criteria of the unit;
- learners' portfolios of assessed evidence must be internally moderated at the Centre;
- the portfolios of assessed evidence will be externally moderated by an OCN London External Moderator.

There is no additional external assessment for this qualification.

Devising assessments

Each unit has a supplementary page with suggestions for the types of assessment activities that can be used to assess learners against the unit. Tutor/assessors should refer to this page before devising assessment tasks.

OCN London assessment guidance relevant to the units in the qualification is in the [OCNLR Assessment Guidance and Ofqual Level Descriptors](#) section of this qualification guide. The guidance includes a general description of the activity and the type of evidence that is appropriate. The activity or activities set must enable the learners to meet the standards detailed in the assessment criteria. Please contact OCN London for further guidance on devising appropriate assessments.

Centre-devised assessments should be scrutinised by the Internal Moderator before use to ensure that they are fit for purpose. Centre-devised assessments will be scrutinised by the External Moderator to ensure reliability and validity of assessment.

Marking assessment activities

Each activity must be marked against the identified assessment criteria in the unit and judged to be either achieved or not achieved.

Tutor/assessors need to ensure that the work in a learner's portfolio is:

- authentic – it is the result of the learner's own performance or activity;
- sufficient – enabling the tutor/assessor to make a consistent and reliable judgement;
- adequate – appropriate to the level.

Where a series of activities are set, learners must demonstrate the achievement of the required standard identified in the assessment criteria in all activities. All the assessment criteria in a unit must be met before the unit is deemed achieved.

The unit achievement is not graded. Units are either achieved or not achieved.

Standardisation

Standardisation is a process that promotes consistency in the understanding and application of standards in relation to assessment. It:

- compares assessment judgements from different tutor/assessors
- promotes consistent judgements by different tutor/assessors;
- identifies good practice in assessment;
- promotes the sharing of good practice in assessment between Centre staff.

Standardisation events should be held periodically within Centres to ensure consistent and effective assessment practice. Standardisation events may also be held by OCN London and it is a requirement that each Centre offering units from the qualification must contribute assessment materials and learners' evidence for standardisation, if requested.

OCN London will notify Centres of the required sample for standardisation purposes and assessment materials, learners' evidence and tutor/assessor feedback may be collected by External Moderators.

Learners with particular requirements

If learners have particular requirements the Centre should refer to the [Access to Fair Assessment Policy and Procedure](#) which gives clear guidance on the reasonable adjustments and arrangements that can be made to take account of disability or learning difficulty, without compromising the achievement of the assessment criteria.

Requirements for tutor/assessors and internal moderators

To be sufficiently competent

In addition to being qualified to make assessment decisions, each tutor/assessor must be capable of carrying out the full requirements within the competency of the units they are assessing. This competence should be maintained annually through clearly demonstrable continuing learning and professional development.

Expert witnesses can be used where they have suitable expertise for specialist areas. The use of expert witnesses should be determined and agreed by the tutor/assessor.

To be sufficiently knowledgeable

Each tutor/assessor should possess relevant knowledge and understanding of the subject and so be able to make robust and reliable assessment decisions in relation to the subject.

Requirements for tutor/assessors to deliver specific units and facility requirements

Requirements for tutor/assessors to deliver specific units, and facility requirements are set out in the following sections (see [Table 1](#) and [Table 2](#) below).

Requirements for internal moderators

Internal moderators must hold an internal quality assurance qualification and one qualification from Group B or C in [Table 2](#).

Tutor/assessor requirements for specific units

Tutors/assessors must be qualified and experienced as indicated in Table 1 in order to be eligible to teach/assess the specific units identified. Qualifications in the groups referred to are listed in [Table 2](#), over the page.

Facility requirements

In addition to having the appropriately qualified trained tutor/assessors, training providers offering this qualification must have the following facilities:

- a hydrotherapy pool that is large enough to allow students to be in the pool with trainer(s) and dog(s);
- the hydrotherapy pool should have safe access for both learners and dogs and be able to accommodate a wide range of patients, including small and large breeds;
- water treadmill – the design/model must allow students to enter the water treadmill and safely gain practical 'hands on' experience with a wide range of patients, including small and large breeds;
- a client base that enables the centre to provide practical training for students, giving experience of a wide range of patients/breeds/conditions;
- classroom facilities or access to classroom facilities.

It should be noted that Centres delivering this qualification need to ensure learners have access to the facilities and equipment needed for them to carry out, and provide evidence of, 15 hours of practical canine hydrotherapy and water treadmill treatment.

Please also note that all Centres applying to deliver this qualification will have to provide evidence that the facility requirements are met, which may include a centre approval visit.

About OCN London

OCN London is a well-established national awarding organisation with over 25 years' experience in accrediting learning. We are a not-for-profit organisation with charitable status, dedicated to widening participation in learning and training, social inclusion and employability. We are also a market leader in the recognition of achievement through credit-based units and qualifications. Based in London, we work with Centres both across the UK and abroad, offering national qualifications and accredited programmes.

Our mission is to provide opportunities for people from across society to benefit from learning, particularly those who have not previously benefitted from education.

Why work with us?

- We are agile and responsive. This means you will get a personal service with direct access to a named contact and a quick turnaround.
- We pride ourselves on our close relationships with Centres. The people we work with see us as a trusted partner, not just a supplier.
- We want to help you secure the best from your learners and employees.
- We have a reputation for high quality. The OCN London brand carries national recognition and kudos.
- We are flexible and recognise the importance of accommodating the needs of different learners and different learning styles.
- We offer exceptional value for money. Just ask the people we work with.
- We are committed to the belief that learning can change lives.

OCN London is regulated by Ofqual and the Quality Assurance Agency for Higher Education.
