DIPLOMA AIMS

The Access to HE Diploma (Business and Finance) offers adult returners a coherent, integrated and supported year of study through which they will gain the knowledge, awareness, skills and confidence necessary for successful undergraduate studying in the intended progression routes for this Diploma. The course aims to provide a balance of essential study skills with specialist subject knowledge to enable the students to be prepared for the academic and practical rigours of undergraduate study in Business and Finance. It must however be noted that the Access to HE Diploma does not provide guaranteed entry to UK Higher Education Institutions.

Its primary aims are:

- To provide HE progression opportunities for adults who, because of social, educational or individual circumstances, do not have the necessary qualifications;
- To give learners a general introduction to the basic concepts, methods, and key areas of knowledge within the core disciplines taken and offer a coherent and stimulating framework within which they can broaden their intellectual outlook and make connections between subject areas;
- To help learners to develop and consolidate the various skills required to enable them to cope successfully with the demands of undergraduate study and to become independent, self-directed learners;
- To establish a positive and supportive learning environment within which learners can build their confidence through successful learning and the sharing of their experience;
- To provide the personal and educational support needed if learners are to pursue their aims within the framework of the course.

TARGET LEARNERS

- Adults who, because of social, educational or individual circumstances, were unable to participate in or benefit from initial education.

- Adults from groups under-represented in higher education.
- Adults seeking a change of direction because of unemployment or lack of career opportunities in their previous field and who have a demonstrable interest in entering a profession within a business and / or finance profession.

POTENTIAL PROGRESSION ROUTES

Learners primarily progress to Higher Education study in areas related to Business and Finance. These may include some of the following areas of Degree level study: Accountancy, Accounting and Finance, Banking and Finance, Business Studies, Business Management, Finance, International Finance and a wide range of combined and related degrees.

PROGRESSION AGREEMENTS

OCN London works with local universities to develop progression agreements that benefit all its providers and learners. The following agreements are in place:

- London South Bank University (Partnership agreement)
- Goldsmiths, University of London (Progression agreement)
- The Institute of Banking and Finance (Progression agreement)

Further information about each agreement can be found [here](#) on the OCN London website.

ENTRY GUIDANCE

There are no centrally specified formal requirements for qualifications on entry; however there is usually the expectation that the learner will have literacy, communication skills and numeracy at Level 2 or above.

GUIDED LEARNING HOURS

The Access to HE Diploma represents 600 notional Guided Learning Hours (GLH) with courses generally delivered in 450 GLH. This may vary between centres and may depend on whether the course is being delivered through blended learning. It is expected a centre delivering the course will clearly outline the intended delivery in terms of total hours and how this is broken down weekly over the period of study.

COHERENT PROGRAMME OF STUDY

It is expected that a minimum of one third of the subject specific credits are selected from the Business modules and one third from the Finance modules in order to provide a coherent programme of study. This will be checked as part of the course recognition process.
