

Unit Title: Automation within Digital Design	
Level:	One
Credit Value:	3
GLH:	27
OCNLR Unit Code:	CN0/1/LQ/004
Ofqual Unit Reference Number:	F/616/8248

This unit has 2 learning outcomes

LEARNING OUTCOMES	ASSESSMENT CRITERIA
The learner will:	The learner can:
1. Be able to identify tasks for automation using digital design program/s.*	1.1. Identify an appropriate task to automate using digital design software.
2. Be able to use coding or macro/s, to automate an action within a digital design program.*	2.1. Explain the process to be automated. 2.2. Research and locate online coding guidance and appropriate code samples. 2.3. Use code or macro/s to create an automated process. 2.4. Demonstrate the finished and successful automation / macro to show it works as intended.

**‘Design focused programme’ could mean a graphics or other arts related software that concerns the design of 2D or 3D artefacts or documents, including pdf creation software that allows JavaScript coding.*

Assessment

The grid below provides suggestions for the types of assessment activities that can be used with the unit attached to provide evidence for the learner's portfolio. Please refer to the OCN London Assessment Guidance document for definitions of each activity and the expectations for assessment practice and evidence for moderation.

Case Study		Project	✓
Written question & answer/test/exam	✓	Role play/simulation	
Essay		Practical demonstration	✓
Report		Group discussion	
Oral question and answer	✓	Performance/exhibition	
Written description	✓	Production of artefact	
Reflective log/diary		Practice file
